

Parental Authorization

Lan ETS supports the industry's ESRB (www.esrb.org) rating system for computer videogames and the voluntary application of this system. All participants under the age of 18 on the first day of the event must produce a copy of this document signed by a parent or legal guardian in order to participate in tournaments. To simplify enforcement, participants will be identified by a bracelet whose colour will indicate their age. For this reason, one piece of ID with a photo and date of birth is required to enter the event.

Declaration of consent

I am the parent or legal guardian of [name of child] _____ [nickname of child] _____ who is 17 years of age or less on the date of the event [date of birth of child] _____. By signing this document, I recognize and accept the rules and terms of the event.

I give permission for the previously named minor to participate in tournaments involving computer videogames that the industry has rated "M" for "Mature". I acknowledge that this rating indicates that the rated game may not be acceptable for participants under the age of 18.

I accept total legal and/or financial liability in the case of damage, loss, or theft of goods or property and in the case of minor or major injuries, accidental or intentional, to the minor participant previously named while they are inside of or in proximity of the event.

By signing this document, I give permission to the previously named minor to participate in tournaments and other LAN ETS activities without restrictions or limitations and I permanently indemnify the LAN ETS organization, its officers, employees, volunteers, as well as the École de Technologie Supérieure and the sponsors of LAN ETS and their affiliates or divisions against all legal action in consequence of my decision to authorize a person under the age of majority to participate in an event of this nature.

If the child requires medication or has a specific physical condition, write the details here
